Closure

As much as we dislike to close the pool, sometimes we must if weather or low attendance dictates the situation. The following conditions will result in closing the pool:

- ⇒ On deck temperature of 65° or less and/or inclement weather is forecasted
- ⇒ If above 65° but less than 20 people are swimming for first hour, the pool will close early.
- ⇒ Sections of the pool such as the water slide or diving well may close if it has low attendance.
